This is often referred to as “**second-mile giving**” because, in The United Methodist Church, the “first mile” is for local churches to fulfill their World Service and other Shared Ministries and conference benevolence commitments.

Opportunities for “**second-mile giving**” include:

- The Advance
- World Service Special Gifts
- Special Appeals

Ministry Shares

Ministry Shares, or as more commonly called, apportionments, is the first priority benevolence of the local church. As The United Methodist Church we are **all connected** in a structured chain of conferences, districts and local churches and together we are able to do far more than as individual churches. We give to Ministry Shares in response to God’s love--- to support the various ministries of our lay and clergy in starting new churches, in mission and outreach, in evangelism, in spiritual education and nurture of all ages, and in our witness to the world.

Track Your Church's Ministry Shares (Apportionment) Giving

The Council on Finance and Administration is providing a tool to help members of local congregations keep track of how their church is doing in meeting its obligation to support the shared ministry of The United Methodist Church. A file showing the amount of each church's Ministry Shares (Apportionments) and the progress each has made in paying that amount is available for viewing and/or download.

To access that file, go to www.ntcumc.org and click on Apportionments on the home page of the "Center for Connectional Resources" website and then "Church Reports." You will need your church's username and password to access your church's information. If there any questions or discrepancies between your church's records and this report, contact Jodi Smith, Conference Treasurer, or Carolyn Bryels, Administrative Assistant for Property Insurance at 972-526-5000.
