

COVID-19

As a beacon in the South Dallas community for many decades, Dallas Bethlehem Center was prepared to act quickly to meet the needs of the community when COVID-19 struck. While still in the midst of the crisis, the community knows it can turn to DBC to provide fresh food, a friendly face, and to listen to what the neighbors need. DBC continues to be known as integral to the fabric of South Dallas.

COMMUNITY

- We've hired from the community to help ramp up food distribution efforts
- Voter registration drives are being planned
- We are planning for a mobile COVID-19 testing unit

FOOD

- Our weekly food distribution has doubled - now with drive ups and walk ups
- We're offering homemade hot meals to the community every Friday
- We partnered with DISD to provide lunch for students over the spring and summer

EDUCATION

- Virtual learning began in March with our Early Head Start program
- Our education programming is tentatively scheduled to reopen in October, per DISD guidelines
