

## Self-Screening Before Coming to Church

For the protection of others, please stay home if ...

You now have or in the past 14 days have had:

- Fever
- Cough
- Shortness of breath or difficulty breathing
- Sore throat
- New loss of taste or smell
- Chills
- Head or muscle aches
- Nausea, diarrhea, vomiting

You have in the past 14 days:

- Been in close proximity to anyone who was experiencing any of the above symptoms or has experienced any of the above symptoms since your contact.
- Been in close proximity to anyone who has tested positive for COVID-19.
- Been on a commercial flight or traveled outside of the United States OR been in close proximity to anyone who has.
