

Although the situation of COVID-19 is unpredictable, the West Dallas community can rest assured that Wesley-Rankin will continue to assess and provide resources where most needed.

**With the help of partner churches, Wesley-Rankin** has served and delivered 15,000 meals and 2,000 bags of produce to senior citizens. Together, we have tutored 110 students in mathematics, lessening the summer/COVID-19 slide. In addition, over 300 supply bags including toilet tissue, hygiene items and face masks have been distributed to West Dallas residents.

### Partner with us today to:

- Provide casseroles for food-insecure senior citizens.
- Donate items for supply kits that are distributed monthly to families and seniors.
- Tutor students virtually or deliver meals.
- Make a financial gift to assure this community has accessibility to educational, nutritional and socio-emotional resources.
